This position is responsible for supporting investment performance monitoring/analysis and other operational activities. The incumbent provides key information and analysis to various stakeholders including the President of Investors Group, IGIM Boards and other Senior Management. In addition, the output created by this position supports various cross-divisional activities related to product planning and Consultant support. The incumbent also provides a major input into the strategic competitive positioning of our fund shelf.

Responsibilities include:

- Maintain and develop the current database of performance and fund characteristic statistics to facilitate reporting and analysis of Investors Group's investment performance and related commentary.
- Conduct industry and competitive analysis related to investment management mandate offerings, fund performance and other operational matters.
- Support of various IGIM specific strategic objectives as assigned.
- Assist in Consultant support activities by sourcing and creating capital market, investment and investment planning related content.

Qualifications:

- More than 2 years relevant experience in an investment or financial analyst role.
 - Post-secondary degree in a related business discipline.
 - Enrollment or desire to enroll in the CFA program.
 - Working knowledge of investment concepts & performance measurement techniques, statistics, the Canadian Mutual Fund industry and Investors Group funds.
 - Strong computer skills in MS Excel (including VBA), databases applications (including MS Access & Oracle) and MS PowerPoint.
 - High level of initiative with strong communication and analytical skills.
 - Ability to work both independently and within a team-based environment.
